Have you applied for this programme at TU Darmstadt in previous semesters? yes semester: _____ no

Please fill out this sheet carefully and correctly based on your Transcript of Records. Incorrect information may have a negative impact on your application.

*In order to allow sufficient time for participation in the entrance examination and for visa applications in case of an admission, we strongly recommend to apply up to one year before the desired start of the study programme and not for the upcoming semester.

**Please enter the names of the courses in which you have acquired competencies important for the intended degree program. If you divide the content of your previous course into more than one course given on this sheet, please divide the number of CP accordingly. Keywords are sufficient, please do not include module handbook descriptions. Please also enter the full title of your Bachelor thesis, seminar paper and project work.

2. Previous academic examination results
